

JAGXON

WATER INDUSTRIES

At JAGXON WATER INDUSTRIES, we specialize in manufacturing premium-quality sand filter media to meet the diverse water filtration needs of industries, municipalities, and residential users. Our products are designed for optimal performance, ensuring cleaner and safer water in every application.

With a strong focus on quality, innovation, and sustainability, we take pride in delivering reliable filtration solutions that support water purification, industrial operations, and environmental conservation. Backed by advanced manufacturing processes and a commitment to customer satisfaction, we work closely with our clients to provide tailored solutions that align with their specific requirements.

Choose JAGXON WATER INDUSTRIES as your trusted partner for efficient, durable, and eco-friendly water filtration solutions.

WATER FILTRATION SAND:

Our premium Water Filtration Sand is designed to deliver exceptional performance across a wide range of water purification applications. Carefully sourced and processed, it ensures efficient removal of impurities and provides consistent, reliable results.

Key Features:

- **High Purity:** Free from organic contaminants, clay, and silt for superior filtration.
- **Accurate Grain Size:** Precisely graded to ensure effective filtration and reduced clogging.
- **Durable and Long-Lasting:** Resistant to wear and breakdown, ensuring a longer lifespan.
- **Enhanced Filtration Efficiency:** Helps remove suspended solids, sediments, and other impurities from water.
- **Eco-Friendly:** Naturally sourced and processed with minimal environmental impact.

Applications:

- Municipal water treatment plants.
- Industrial water purification systems.
- Swimming pool filtration systems.
- Domestic and residential water filters.

Available Sizes:

- [Specify size range, e.g., 0.45mm to 1.5mm or customized as per requirements]

Packaging Options:

- [Mention packaging details, e.g., 25kg bags, 50kg bags, or bulk packaging.]

At Jagxon Water Industries, we are committed to providing high-quality Water Filtration Sand that ensures cleaner, safer, and clearer water for all applications.

POOL FILTRATION SAND:

Keep your swimming pool crystal clear with our premium Pool Filtration Sand. Specially designed for superior water clarity, our filtration sand is carefully graded and washed to provide optimal performance in pool filtration systems.

Key Features:

- **High Purity:** Free from dirt, clay, and organic impurities for efficient filtration.
- **Uniform Grain Size:** Ensures maximum filtration efficiency and reduces back washing frequency..
- **Durable and Long-Lasting:** Resistant to wear and tear, ensuring a longer lifespan in pool filters.

Eco-Friendly: Naturally sourced and processed to support environmentally conscious filtration.

Applications: Ideal for swimming pool filters of all types.

Suitable for residential, commercial, and public pool systems.

With JAGXON WATER INDUSTRIES Pool Filtration Sand, you can trust in reliable filtration, reduced maintenance, and consistently clear water for a safe and enjoyable swimming experience.

WATER FILTER GRAVEL-PEBBLE:

Our premium Water Filter Gravel and Pebble are essential components for efficient water filtration systems. Carefully selected and processed, these materials provide excellent support for sand and other filtration media, ensuring long-term reliability and performance.

Key Features:

- **High Purity:** Free from organic matter, clay, and other impurities.
- **Precision Grading:** Available in a wide range of sizes to suit various filtration systems.
- **Durable Material:** Hard and wear-resistant for extended service life.
- **Chemical Stability:** Does not react with water or filtration chemicals, maintaining water quality.
- **Optimal Flow Rates:** Facilitates even distribution of water and prevents clogging.

Applications:

- Municipal water treatment plants.
- Industrial water filtration systems.
- Swimming pool filters.
- Domestic filtration units.

Available Sizes:

- [Specify size range, e.g., 2 mm to 5 mm or customized as per requirements]

Our Water Filter Gravel-Pebble is the trusted choice for creating a strong filtration bed, offering superior performance and durability across various applications. With JAGXON WATER INDUSTRIES, you get dependable filtration materials that deliver consistently clear and safe water.
